A wooden signpost stands in a snowy winter landscape. The signpost has four directional signs. The top sign is a horizontal wooden board with the word 'Weihnachten' written in a cursive font. Below it are three arrow-shaped signs pointing in different directions: one pointing right with the word 'GESCHENKE', one pointing left with the word 'Keksteller', and one pointing right with the word 'Christkindl'. The background is dark green with white snowflakes of various sizes. In the foreground, there are white silhouettes of evergreen trees and a white ground line.
